

**Code** a system to spin a wheel

**Think of an action for each verb!**

- **Cut out the circle**
- **Write 6 verbs**
- **Attach your circle to the tire using a tape fold.**  
**Then put it on the spoke.**
- **Use your pencil as an arrow**

**Create your code**

Can you build the code blocks and connect?

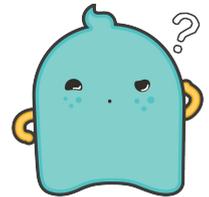

**1 Key Press** (Behavior)

**1 Toggle** (Input- Switch)

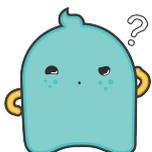

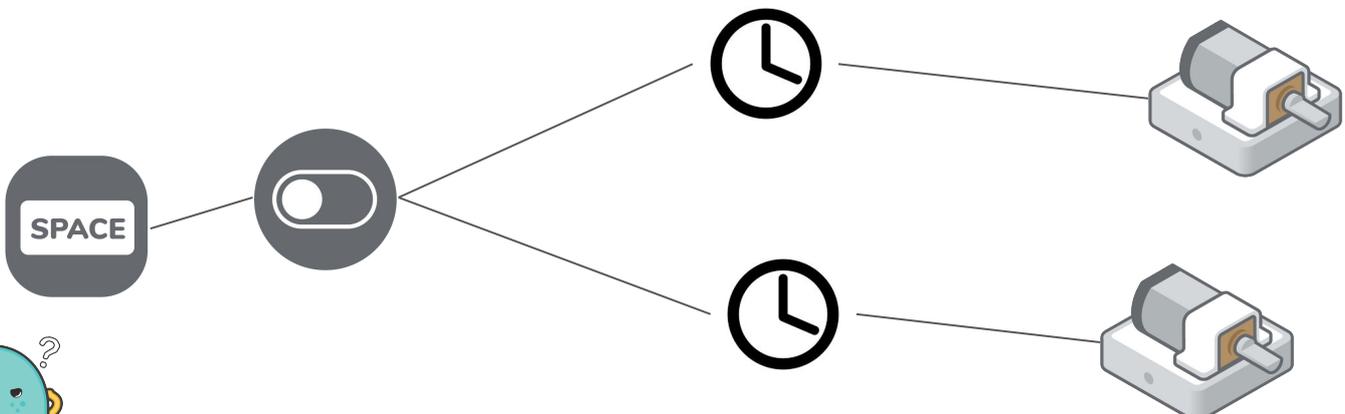

**2 Timers** (Behavior- Time- INTERVAL)

**2 DC Motors** (output)

**Edit the interval timer to make the spinner stop after a 3-5 seconds.**

**Explore : Play your game!**

Create

a spinning wheel
